Sir,

I have the honour to submit herewith draft rules and By-laws framed by the Municipal Council under Section 51 Clause (1) (b) (iv) of the City Municipalities Regulation) for regulating licensing and control of places used as Bakeries, Sweet-meat shops, Hotels, restaurants, tea and Coffee Houses and places used for manufacturing ice and aerated waters These rules and By-laws were published in "The Daily Post", "Tainadu", and "Alkalam" dated 2nd June 1936, 8th June 1936, ^{and} 11th June 1936 respectively, and objections were invited from the public In response to this notice, the Hindu Hotels Association submitted certain objections to the provisions contained in the rules The petition in original is herewith enclosed for favour of perusal The bakers and Sweet-meat shop-keepers submitted another petition which is also herewith sent in original It does not call for remarks The objections raised by the Hindu Hotels Association are -

1 (i) That the power to inspect should be restricted only to the Health Committee or the Health Officer or to Sanitary Inspector designated for ^{the} purpose and

(ii) that restricting the hours of inspection shall be restricted ^{to} a few hours in the morning and a few hours in the afternoon

11 That all medical examinations referred to in the said

said bye-laws and relating to the employees or of chemical examination of the foodstuff should be at the cost of the Municipality and the Municipality should co-operate and assist the hotel keepers in issuing Medical Certificates, free of charge, to the servants to be employed in the hotel

111 That the word "Stale" in class (10) (t) (ii) should be dropped as the word is vague and the vagueness is likely to give rise to abuse

1V That it should be made clear that the vicarious liability of the master for the acts of his servants is confined only to cases where the servant acts within the scope of his authority

V That the wording of clause 10 (g) should be amended so as to permit the hotel keepers to keep such live-stock as are necessary for the business of the hotel, subject to such conditions as to sanitation as may be prescribed

VI That hotels should be classified according to sales, into three classes and the license fee for the highest class should not exceed Rs 50/- per annum (as it is done in Madras and other important cities) and in view of the growing depression in the trade

VII That it is unjust to hold the hotel keeper responsible for the use of the adulterated ghee or oil etc , in cases where he has obtained the stuff from a reliable merchant and the vendors of such adulterated ghee, and oil and etc , should be made liable

VIII That a time limit of one week or a fortnight^{at} the most be fixed for inspection and issue of license for any applicant to open a hotel or a restaurant or a bakery or coffee club, as indefinite or inordinate delay will cause great loss to the licensee

IX That art (s) requiring an "Inspection book" to be kept be omitted as it would lead to abuse the same by rivals in business by setting up people to complain to and bring the particular hotel or restaurant to trouble

These objections were considered by the Municipal Council at the meeting held on 8th instant And all the objections except two were over-ruled The two objections accepted are Nos (8 and

I am submitting herewith a copy of the resolution of the Municipal Council in the matter I request the favour of your obtaining very early sanction of Government to these rules and By-laws as modified by the Municipal Council

A meeting of the Hindu Hotels Association, Bangalore was held on Saturday the 13th June at the Ahmed Buildings and the following resolutions were passed unanimously

- 1 This meeting of the Hindu Hotels Association of Bangalore emphatically protests against clause (10) (x) of the draft Bye-laws proposed to be introduced and published in the issue of the Kannada Daily "Tai Madu" of the 8th June 1936 giving wide powers to the persons mentioned therein to enter and inspect any hotel and is of opinion ~~that~~ that the Bye-Laws as proposed leave great scope for abuse and should be radically modified in the following respects
 Viz (1) by restricting the power to inspect only to ~~Health Officer~~ ^{Health Officer} of the Health Officer or to Sanitary Inspector designated for the purpose and (2) by restricting the hours of inspection to a few hours in the morning and a few hours in the after-noon

- II This meeting is of opinion that all medical examinations referred to in the said bye-laws and relating to the employees or of chemical examination of the foodstuffs should be at the cost of the Municipality and the Municipality should co-operate assist the hotel keepers in issuing medical certificates free of charge to the servants to be employed in the hotel

- III This meeting is of opinion that the word "Stale" in clause 10 (t) (ii) should be dropped as the word is vague and the vagueness is likely to give rise to abuse

- IV This meeting is of opinion that it should be made clear that the vicarious liability of the master for the acts of his servants is confined only to cases where the servants acts within the scope of his authority
 This meeting is of opinion that the wording of clause 10 (g) should be amended so as to permit the hotel keepers to keep such live-stock as are necessary for the business of the hotel subject to such conditions as to sanitation as may be prescribed

Meeting is of opinion that hotels should be classified according to sales into three classes and that the license fee for the highest class should not exceed R.50/- per annum as is done in Madras and other important cities and in view of the growing depression in the trade

VII That this meeting is of opinion that it is unjust to hold the hotel keeper responsible for the use of the adulterated ghee or oil etc in cases where he has bonafide obtained the stuff from a reliable merchant and the vendors of such adulterated ghee and oil etc , should be made liable

VIII That a time limit of one week or a fortnight the most be fixed for inspection and issue of a license for any applicant to open a hotel or a restaurant or a bakery or coffee club, as indefinite or inordinate delay will cause great loss to the licensee

IX That this meeting is of opinion that article (s) requiring a visitors book to be kept be omitted as it would lead to abuse the same by rivals in business by setting up people to complain to and bring the particular hotel or restaurant to trouble
